AMENDMENT ONE (1)

November 6, 2015

TO:

SUBJECT: IFB0020DOEC16 (S) Price & Delivery of Milk for the Department of Education School Food Authority on St. Croix.

INSERT: Question and Answer

Question: Are the Shelf Stable 8 ounce products refrigerated milk extended shelf milk like the UTH?

Answer: Shelf Stable would be referring the UHT milk

Question: Are deliveries made directly to a warehouse or to schools?

Answer: Currently our milk deliveries are shipped door to door to our central warehouse.

Question: If directly to schools, how many schools are in the program?

Answer: It appears that you are offering fresh milk. For fresh milk we would need it delivered directly to the schools. Direct delivery would involve over 38 schools spread out over two islands.

Question: Do you have any specification for packages, like cartons, bottles or pouches?

Answer: A. For aseptic UTH milk there is only one type of container.

B. If you are referring to fresh milk, we would be satisfied with pouches as they are the least expensive media and they have the smallest footprint from a waste disposal standpoint.

All other terms and conditions remain the same.

A copy of this amendment must be returned with your bid.
