AMENDMENT FOUR (4) RFP-013-C-2020 (P)-Territorial Solicitation for Architectural and Engineering (A/E) Services for the Hospitals in the U.S. Virgin Islands.

QUESTION AND ANSWER

1. **Question:** If we can't travel for the scheduled mandatory site visits on June 2, 3, and 4 to St. Thomas, St. John, and St. Croix, would we be able to visit the site during the optional return visits on the week of June 15th – 19th 2020? Would this qualify as the mandatory site visits?

Response: The optional site visit was inserted as a follow-up to the first site visit prior to travel restrictions resulting from the COVID-19 Pandemic. As such we will permit the June 15th - 19th site visit to serve as one of the mandatory site visits.

2. **Question:** How will the site visit be managed maintaining six feet of separation in potentially tight spaces?

Response: To ensure compliance with six feet social distancing requirements and the fact we will be visiting an active hospital environment, we are limiting the tours to groups of no more than seven persons per group.

3. **Question:** What is the teleconference information?
