

Scope of Work

Initial Landscaping

1. * Mowing, trimming, walkway edging, pruning, removal of limbs and debris from yard areas and blowing or sweeping of grass clippings or leaves from walkways, curbs, driveways, parking lots, and guts.
2. ** The spraying of the fence base is to be done 1 foot wide on each side (where possible) with an eco-friendly herbicide/weed killer.
3. *** Clearing and conditioning of land to include uprooting, grading to level where applicable (removal of stumps, rocks and other debris that would affect lawn mower operation) and dumping of all debris on site.

Monthly Landscaping

1. * Mowing, trimming, walkway edging, pruning, removal of limbs and debris from yard areas and blowing or sweeping of grass clippings or leaves from walkways, curbs, driveways, parking lots and guts.
2. ** The spraying of the fence base is to be done 1 foot wide each side (where possible) with an eco-friendly herbicide/weed killer and treated as frequently as required.

The requested terms of the vendor contract will be one-year with a one-year renewal option.
