AMENDMENT FIVE (5)

December 14, 2017

TO: _____

_____

SUBJECT: RFP-015-2017 (P) Public Safety Enterprises Solution, United States, Virgin Islands.

INSERT: Questions & Answers

1). What is the current software version of the ArcGIS Server that USVI will utilize? Should we assume we will interconnect with this server?

We are currently running Enterprise level ArcGIS Server 10.4.1; we will upgrade to 10.5 once all the bugs are out. This level licensing is used to support entire state government GIS systems, which we have nearly achieved. The mapping services we provide are the industry standard and are applicable to any RMS-CAD software of worth.
In addition, the hardware requested to be added is to improve the location accuracy of the entire USVI GIS platform since it is not tied to any ground control. This is an issue that has historically plagued the Territory's mapping quality at the Cadastral level onward and anything that utilizes that data on a large scale; which we do.
   Trimble MX7 - STREET VIEW MOBILE IMAGING SYSTEM
   Geo 7X - Handheld Data Collector

2). Please describe the process of receiving the proposals on December 20th. Do you conduct an official opening of proposals? Do you read the price proposals or allow participants to see the proposals?

The Proposal will be drop of at the Department of Property & Procurement Bid Box before 4: 00 P.M. on December 20, 2017. No it will not be read out to the Participants Bidders.

3). The total number of rugged tablets needed for us to propose for this project? We discussed the 110 GPS **devices** needed, but it was mentioned there would be more tablets than this needed.

Department	VIPD	FIRE	BOC	VITEMA	EMS	Justice	POST
Module	RMS	Fire RMS	Jail RMS	CAD	CAD	CMS	RMS
Docking Station Mounts for vehicles	110						
GPS devices	110	12	10				
Tablets	160	6	12				
Computers & Monitors		N/A	20	24 (1 supervisor)			
Seat/Site License	Site	30	Site				

The rugged tablets will need to have the following specs:

Intel processor

8GB RAM

256 SSD

802.11AC WiFi +BT 4.0

Dedicated GPS

Barcode ScannerZ

All other terms and conditions remain the same.

A copy of this amendment must be returned with your bid.
