Background: The Workforce Innovation and Opportunity Act (WIOA) was signed into law on July 22, 2014. WIOA represents a workforce development system that is job driven, responsive to the needs of business, customer centered and delivers career development and training services designed to meet the needs of the local and global community. WIOA supersedes the previously authorized Workforce Investment Act of 1998.

Workforce services are delivered through a One Stop Operations system known as the American Job Centers (AJC). These services include career services, training services and business services. The Workforce Innovation and Opportunity Act and its implementing regulations require local Workforce Development Boards (WDB) to use a competitive process for the selection of a one-stop operator for the system and to support continuous improvement through the evaluation of one-stop operators at least every four years. Competition is intended to promote the efficiency and effectiveness of one-stop operators by providing a mechanism for local WDB's to regularly examine performance and costs against original expectations.

One-Stop Operators will be tasked with the full day to day operation of the local workforce centers or American Job Centers (AJC) in the US Virgin Islands. A comprehensive American Job Center as described in 20 CFR 678.305 is a physical location where job seekers and employer customers can access the programs, services and activities of all required one-stop partners and additional partners as determined by the Workforce Development Board. The goal of the AJC is to provide an integrated service delivery system for eligible adults, dislocated workers and youth that provides access to workforce services and activities to include training, which lead to an individual becoming a functional and integral part of the working community.

I. Purpose of Request for Proposal

The purpose of this RFP is to solicit proposals from qualified entities to function as the One-Stop Operator of Workforce Innovation and Opportunity Act (WIOA) Title I Adult and Dislocated Worker services and activities in the Territory of the United States Virgin Islands. The One-Stop Operator is responsible for coordinating the partnerships between workforce agency partners, business and community organizations as well as providing access to career development and training services for job seekers, and workforce growth opportunities for businesses within the Virgin Islands Workforce Development Area.

II. Eligible Entities

The one-stop operator must be an entity (public, private or non-profit) or a consortium of entities that at a minimum includes three or more of the required one-stop partners of demonstrated effectiveness, located in the local area. Entities selected and serving as one-stop operators are sub-recipients of a Federal award and thus are required to follow the Uniform Guidance. Such entities may include the following:

- **Government agencies or governmental units**, such as State agencies, school districts or Federal WIOA partners;
- **Employment Service State agencies under the Wagner-Peyser Act**, as amended by title III of WIOA;
- **Educational institutions**, such as institutions of higher education, nontraditional public secondary schools such as night schools, and local career and technical education schools (however, not elementary or secondary schools)
- **Community based organizations**, non-profit entities or workforce intermediaries;
- **Local chambers of commerce** or other business or labor organizations; and
- **Private for profit entities**

Eligible entities should have experience with or a working knowledge of services provided by the public workforce system under the former Workforce Investment Act or the currently funded Workforce Innovation and Opportunity Act. To be eligible to receive funding under this RFP, Proposers must demonstrate the ability and capacity to perform the services as described in this RFP including program design, staff capacity development and fiscal stability.

III. One-Stop Operator Roles and Prohibited Functions

The role of a one-stop operator is to coordinate the service delivery of required one-stop partners, additional partners and service providers in the provision of services to the Adult and Dislocated Worker population eligible for WIOA program services. The One Stop Operator must function as the primary provider of services within the center and coordinate service delivery throughout the US Virgin Islands Workforce Area to include the St. Croix district and the St. Thomas/St. John district. One-Stop operators **must do** the following:

- Disclose any potential conflicts of interest arising from the relationships of the one-stop operators with particular training service providers or other service providers, including but not limited to career services providers;
- In coordinating services and serving as a one-stop operator, refrain from establishing practices that create disincentives to providing services to individuals with barriers to employment who may require longer-term services, such as intensive employment, education and training services; and

- Comply with Federal regulations, and procurement policies relating to the calculation and use of profits.

One-Stop Operators may **NOT** perform the following functions:

- Convene system stakeholders to assist in the development of the local plan;
- Prepare or submit local plans;
- Be responsible for oversight of itself;
- Manage or significantly participate in the competitive selection process for one-stop operators;

IV. Availability of Funds

Funding for this project falls under the Workforce Innovation and Opportunity Act Title I – Adult and Dislocated Worker funding streams. The amounts allocated for each funding stream is subject to change depending on the federal grant award for each subsequent program year. The Virgin Islands Department of Labor is the grant recipient of WIOA Title I funds and is responsible for the lease and maintenance of the One-Stop facilities which are housed at the VI Department of Labor in each respective district. The One-Stop Operator is responsible for the staffing costs of the One-Stop as well as the costs associated with the delivery of all required services.

V. Project Time Frame
